

Company Profile

EEC ENERGY
RESOURCES (T) LIMITED

EEC Energy Resources (T) Ltd. is a company that aims to provide sustainable energy solutions, cutting-edge mining technologies, and responsible mineral extraction practices in Tanzania and other locations.

The company is committed to maximizing value for all stakeholders by prioritizing innovation, sustainability, and social responsibility.

EEC Energy Resources (T) Ltd.'s mission is to produce and distribute sustainable energy solutions, develop and apply cutting-edge mining technologies, and promote social and economic development in the communities where it operates.

The company seeks to be a leader in its field, promoting sustainable and responsible practices while also contributing to local development.

VISION:

To be a leading provider of sustainable energy solutions and cutting-edge mining technologies in Tanzania and beyond. This vision statement conveys the company's commitment to sustainability and clean energy, while also highlighting the importance of innovation and technology in the mining sector.

To be a leading provider of sustainable energy solutions, cutting-edge mining technologies, and responsible mineral extraction practices in Tanzania and beyond.

We are committed to maximizing value for all stakeholders through innovation, sustainability, and social responsibility."

MISSION:

To produce and distribute sustainable energy solutions, develop and apply cutting-edge mining technologies, and promote social and economic development in the communities where we operate.

VALUES:

1. Sustainability: We are committed to promoting sustainable practices in all aspects of our business, from energy production to mining and community development.
2. Innovation: We strive to continuously innovate and improve our products and services, and to stay at the forefront of new developments in clean energy and mining technologies.
3. Integrity: We conduct our business with honesty, transparency, and ethical standards and we build trust with our stakeholders through our actions.
4. Social Responsibility: We are dedicated to creating positive social and economic impacts in the communities where we operate and to promoting social and environmental responsibility throughout our supply chain.

GOALS:

1. Sustainable Energy Solutions: Our primary goal is to produce and distribute sustainable energy solutions, including renewable energy and energy-efficient technologies, to contribute to a more sustainable future.
2. Cutting-Edge Mining Technologies: We aim to develop

and apply cutting-edge mining technologies that minimize negative environmental impacts and support social and economic development in the communities where we operate.

3. Innovation and Technology: We strive to continuously innovate and improve our products and services, leveraging technology to increase efficiency, reduce environmental impact, and promote sustainable practices.
4. Stakeholder Engagement: We aim to engage with our stakeholders, including customers, suppliers, employees, and the communities where we operate, to ensure that we are meeting their needs and building trust.
5. Growth and Expansion: We plan to expand our operations and grow our market share, while maintaining our commitment to sustainability, innovation, and social responsibility.

To be the leading high-tech mining company in Tanzania, committed to sustainable and responsible mineral extraction practices that maximize value for all stakeholders.

AGRICULTURE: EEC's entry into the agriculture industry can bring a new level of efficiency to farming practices. The company can use technology to improve crop yields, automate processes, and reduce wastage.

EEC can also focus on sustainable and organic farming methods to appeal to health-conscious consumers. By investing in agriculture, EEC can diversify its portfolio and reduce its dependence on its existing business segments.

LOGISTIC MANAGEMENT: With its existing expertise in the shipping and logistics industry, EEC is well-placed to expand its business to include logistics management services. By offering end-to-end logistics solutions, EEC can help companies optimize their supply chains and reduce costs.

EEC can leverage technology to track shipments in real-time, manage inventory, and automate order processing. This can lead to increased efficiency and faster delivery times, which can help EEC, differentiate it from competitors.

IMPORT AND EXPORT BUSINESS: As a shipping and logistics company, EEC is well-positioned to enter the import and export business. By leveraging its existing network of suppliers and customers, EEC can source products from around the world and sell them in new markets.

EEC can also use its expertise in logistics to streamline the import and export process, reducing costs and increasing efficiency. This can help EEC capture new revenue streams and expand its customer base.

By diversifying its business portfolio to include agriculture, logistic management, import, and export businesses, EEC can become a more well-rounded company, better able to weather economic and market changes in Tanzania and beyond.
